## Profile Summary

Motivated Front-End Developer skilled in HTML5, CSS3, JavaScript, and ReactJS, with a focus on responsive web design and UI/UX design. Proficient in cross-browser compatibility, version control with Git, and performance optimization. Passionate about developing impactful, user-friendly web applications with expertise.

## Skills

**Languages:** Python, JavaScript

**Web Technologies:** 'HTML5', 'CSS3', 'Tailwind CSS', 'React.js', 'UI/UX design'

**Tools:** Git, Figma, Visual Studio Code, Github, Version Control, Anaconda, Pycharm, Windows, Linux

## Work Experience

**Codebinding Technologies, Chennai**

Jul 2024 - Aug 2024

### Web Development

- **Web Developer:** Developed and optimized the front-end of the Nostra e-commerce website using HTML, CSS, JavaScript, Tailwind CSS, ensuring a responsive design and visually appealing user interface across all devices, enhancing the overall user experience.
- Collaborated with a team to implement features and integrate them into the system, enhancing the overall functionality and design of the platform.
- Utilized tools such as VS Code and Git for code development, version control, and collaboration, while honing problem-solving, teamwork, and time management skills, focusing on building responsive design for a seamless user experience across platforms. 🐙 [Nostra Project](#)

## Project Work

### GreenDen-Project

- Developed a responsive website named GreenDen using HTML, CSS, Tailwind CSS, and JavaScript. The site includes an About page, a product-selling Main page, and a Contact page.
- Integrated interactive features with JavaScript for smooth transitions and dynamic product displays, ensuring an optimized user experience across all devices.
- As a Web Developer, I focused on creating a responsive design for a website, ensuring it was visually appealing, fast-loading, and accessible to users, while also optimizing it for different screen sizes. 🐙 [GreenDen Project](#)

### Portfolio-Website

- Developed a fully responsive portfolio website using HTML, CSS, and JavaScript, showcasing my skills, projects, and achievements.
- Integrated interactive features for smooth navigation and dynamic transitions, ensuring a seamless experience across all devices.
- Focused on creating a clean, visually appealing, and mobile-friendly design optimized for different screen sizes, demonstrating my expertise as a front-end developer. 🐙 [Portfolio-website](#)

## Education

**Sudharsan Engineering College**

Jun 2021 - May 2025

B.Tech in Artificial Intelligence and Data Science

**CGPA: 7.97/10**

Relevant Coursework: Artificial Intelligence, Machine Learning, Deep Learning, Data Structures and Algorithms, Web Development, UI/UX, Operating Systems, Computer Networks, Natural Language Processing (NLP), Cloud Computing, Image Processing

## Awards and Certificates

- **Python Programming — EduPrep Platform:** Completed a comprehensive course covering Python fundamentals and practical coding applications.
- **Artificial Intelligence Bootcamp & Machine Learning Bootcamp — Novi Tech:** Completed AI and ML bootcamps to gain practical knowledge and skills in these fields.
- **Front-End Development — Great Learning:** Completed a comprehensive course on Front-End Development, covering HTML, CSS, JavaScript, and modern web frameworks to create responsive and interactive user interfaces.
- **Participation Certificate — HackathonX, National Cyber Security Research Council:** Participated in HackathonX, a competitive coding event focusing on cybersecurity challenges and problem-solving skills.
